

## *Clarinol™ The Slimming Ingredient of the Year 2004-2005*

On behalf of the Scientific committee of the Société Française des Antioxydants (SFA) and the International Society of Antioxydants in Nutrition and Health (ISANH), we have the pleasure to announce you that *Clarinol™ CLA* awarded as the Slimming Ingredient for the year 2004-2005.

A natural source of Conjugated Linoleic Acid *Clarinol™ CLA* has shown the reducing of the amount of body fat, the increasing of lean muscle mass and the reducing of the side effects from a low calorie diet.

SFA awarded *Clarinol™* based on the safety effects obtained by *Clarinol™*, after the clinical study realized by Lipid Nutrition which was presented during the Second International Conference on Slimming Ingredients on June 2004 in Paris.

Paris, July 7<sup>th</sup>, 2004

**Docteur Marvin Edeas**

**Chairman of the Société Française des Antioxydants**
